COOLDRIVE 5

LHD-V05

Introduction

CoolDrive 5 is a brand new hard-disk drive case by Cooler Master that integrates cooler device function into the hard drive. CoolDrive 5 offers you the best possible protection for your data. The product is designed with two analogue meters, using the electro luminescent effect. This facilitates easy, rapid comprehension of the hard-disk speed and temperature. The styling of CoolDrive 5 makes your computer even more impressive in visual appearance.

Specification

- H.D.D meter display 0-100%
- H.D.D temperature monitor display 10-80℃
- H.D.D and temperature meter are designed with a seven-color electro luminescent color control for you to set your favorite colors
- Built-in H.D.D. cooler device
- Choice of two fan rotation speeds (Maximum power: 18W)
- Saves energy, reduces noise and provides a quieter working environment
- Specially designed for DIY use, but can also be used for RAID cases, servers and industrial computers

Features

Color	Silver/Black
Dimension	L196 x W146 x H42 mm
Material	Aluminum housing
Weight	700 g
Built-in Fan	40 x 40 x 10 mm
Range of temperature control	10 80℃ ± 3% (50-176℉ ± 3%)
Power input of the fan	12V ± 5%
Power output of the fan	5-12V (choice of two speeds)
